NOTES

Transcription

This is a transcription of the contents of a manuscript volume created for Sir William Brereton (1604-1611) of Speeches in Parliament in 1628. The transcriber has sought to retain the original spelling of words. However, the following additions and changes have been made in the interests of clarity and readability:

Ma[ie]stie Scribal contractions and other abbreviations have been expanded and the supplied letters enclosed in square brackets.

[xxx?] Illegible words and letters have been indicated in square brackets by one or more letters "x", repeated to indicate the approximate number of letters, and followed by a question mark.

This | is Line breaks have been indicated by a vertical line.
